Violin	\$20.00 “	\$250.00
Viola	\$20.00 “	\$275.00

All rental payments are due on the 15th of each month and include the amount listed above and sales tax. There are no hidden costs or fees.

An extended maintenance option is available for \$19.95 per year. This option covers all normal maintenance that the instrument may need during the year. It does not cover destruction of the instrument beyond playability.

An automatic credit card billing option is available. If you choose this option we will bill your credit card about the 15th of each month rather than sending you a paper bill.

You may terminate your rental contract with us at any time simply by returning the instrument to us. You may also purchase your instrument at any time during the contract.

Repairs are done at our store and usually take only a day or two. This saves you the hassle of having to deal with a loaner instrument that is unfamiliar to your child.

If your rental account remains in good standing portions of your payments will be applied to the purchase price of the instrument in the following way: 100% of the first 3 months will apply to purchase price and 75% of the payments apply starting in the 4th month. If you choose the automatic credit card billing option then 85% of the payments will apply starting in the 4th month. Please keep in mind that rental payments that are more than 10 days late do not apply to the purchase price at all. Paying on time benefits you.

To rent an instrument you need a valid photo ID and no more than 2 months rent. The first months rental fees are pro rated and vary depending on the date.

Thank you for considering Lanning Music for your instrument rental needs. We look forward to serving y
